

Win £1,000 cash & help lead the fight against heart disease - the UK's no1 killer

Heart and circulatory disease is the UK 's biggest killer.
One in five men and one in six women die from it.

EVERY TWO MINUTES...
someone in the UK suffers a heart attack

EVERY TEN MINUTES...
someone in the UK dies of heart disease.

The Heart Research Institute (HRI) is a centre for scientific excellence with a focus on researching and understanding the origins and mechanisms of atherosclerosis, commonly known as hardening of the arteries. We are committed to researching atherosclerosis, the major cause of heart disease.

HRI has launched an exciting weekly Lottery to raise funds. For as little as £2 a week you can join our Lottery, with a weekly prize of £1,000, and help us in our fight to diagnose, prevent and cure heart disease.

To register your support to join our lottery: [CLICK HERE](#)
