## Trustees' Annual Report

Year ended 31 December 2019

---

### Structure, governance and management

#### Governing document

The Heart Research Institute (UK) is a company limited by guarantee and is governed by its Memorandum and Articles, dated 14 September 2006. It is also registered as a charity with the Charity Commission for England and Wales (No. 1116918) and, with effect from 1 March 2012, the Scottish Charity Regulator (SC042984).

#### Appointment of trustees

As set out in the Articles of Association trustees are appointed by a resolution of the members for a renewable term of three years. The charity shall have at least three trustees. The charity shall have at least three trustees who are not trustees and/or employees of The Heart Research Institute Limited.

#### Trustee induction and training

The charity has espoused a policy of providing new trustees with whatever information and assistance is necessary to help them fulfill their responsibilities under both the Companies Act 2006 and their roles under relevant legislation and regulations affecting the organisation as a charity. The procedures adopted include providing new trustees with a copy of The Essential Trustee: what you need to know supplied by the Charity Commission for England and Wales which describes the roles and responsibilities of trustees, as well as a copy of the company's constitution. The trustees are also encouraged to visit the website of the charity commission for regular updates or changes to legislation and guidelines. Ongoing information updates along with regular communication between The Heart Research Institute Ltd management and the trustees ensures knowledge and information currency.

#### Organisation

The Heart Research Institute (UK) and The Heart Research Institute Ltd have entered into a 'Services Agreement' to record the basis on which they will work together to further the charities' charitable objects and to outline the services provided by The Heart Research Institute Ltd to The Heart Research Institute (UK).

Under the Services Agreement, the day-to-day fundraising and administrative activities of the charity have been delegated to the management staff of The Heart Research Institute Ltd. These staff members report to a Director of the Institute who, in turn, is subject to the Board of Governors of the Australian company. However, any arrangements and activities affecting the UK charity are also subject to the oversight and review of the board of trustees of The Heart Research Institute (UK). In particular, new fundraising programs require the specific approval of the trustees who will meet as a board to consider and vote on such proposals.

#### Related Parties

The charity is a wholly owned subsidiary of The Heart Research Institute Ltd, an Australian charity which runs heart research programmes and which has built up expertise in the fields of both running a charity and fundraising in this area. The objectives, are aligned of the charity (as outlined in the following section) are compatible with The Heart Research Institute Ltd and both are committed to the promotion and support of research and the advancement of education in this area. The Heart Research Institute Ltd assists the charity by providing it with the services and support it needs to successfully operate and raise funds in order to support heart research and educate the public.

## Trustees' Annual Report

Year ended 31 December 2019

---

The Heart Research Institute has a presence in Scotland and has made significant findings that have changed the way we live with and treat Scotland's number one killer. Our scientists are working across a number of research areas to identify factors that contribute to an increased risk of heart disease. Understanding the underlying causes of heart disease is the key to finding a solution.

### Objectives and activities

The Heart Research Institute has four core objectives:

- To investigate mechanisms contributing to the pathogenesis of cardiovascular disease
- To develop new ways to detect symptoms of cardiovascular disease before it leads to clinical problems
- To develop new treatments which can reverse the development of heart disease
- To prevent individuals developing cardiovascular disease in the future

The reason the charity and its parent company are focusing mainly on cardiovascular disease is because this is the major cause of death in the world, a phenomena that is also increasing in third-world countries. However, research into the origins of such disease spans many years and requires the services of highly qualified scientists, as well as the usage of expensive technology. That is why a major activity of the charity and its parent is fundraising, because any funding obtained through competitive grants for specific research projects and infrastructure support from governments or other bodies is insufficient to cover all the costs involved. The charity and its parent have a long-term aim of contributing to a significant reduction in cardiovascular disease, but recognise that eventual success in this regard means extensive investment in research here and now.

The charity's main objectives for the year ended 31 December 2019 were to determine the best way to distribute funds to assist the charity in meeting its objectives alongside further development/enhancement of the lottery and monthly pledge programs. The strategy for achieving these objectives was to maintain arrangements with reputable contractors well experienced in conducting lotteries and monthly pledge programs in the UK. Significant activities that contributed to the achievement of these objectives involved the negotiation and resolution of operational procedures, and the recording and processing of resultant transactions.

The trustees have given due consideration to the Charity Commission published guidance on the operation of the public benefit requirement.

### Principal financial management policies

The principal financial management policies adopted in the year include the following:

#### Revenue recognition

Revenue derived from fundraising efforts is recognised when probable.

#### Provisions

The charity recognises by way of provision any anticipated outgoings relevant to the year under review for which it may have an obligation, whether legal or constructive.

#### Reserves

The trustees are satisfied that there are sufficient cash holdings to cover all working capital requirement and liabilities that would otherwise be covered by a reserve account.

#### Grantmaking policy

The charity awards grants to be used in accordance with its charitable objectives.

#### Principal funding sources

Principal funding sources during the year were from the generation of revenue from the lottery and monthly pledge campaigns. Expenditure during the year under review has supported the key objectives of the charity by firmly establishing a viable basis for the future success of the lottery and pledge campaigns.

# The Heart Research Institute (UK)

## Trustees' Annual Report

Year ended 31 December 2019

---

### Investment powers and policy

Under the Memorandum and Articles of Association, to further its objects the charity has the power to invest any funds not immediately required for its objects in or upon any investments, securities or property.

### Strategic report

#### Achievements and performance

Funds raised by the HRI in the UK go directly to scientific research helping to find solutions to this global health challenge. Funds are used to support the front line researchers and to purchase the latest research equipment.

#### Financial review

The net incoming resources for the year ended 31 December 2019 amounted to £686,977 (2018: £717,767 incoming). The trustees are confident of the future success of projected activities for 2019 and beyond and that these will result in the building of accumulated surpluses. In addition, the charity enjoys the on-going financial support of its parent company and the significant experience of its management to ensure its future success.

#### Plans for future periods

The charity will continue to support Post Doctorate Fellowships for young and emerging UK researchers and collaborate with The Heart Research Institute Australia in funding specialist equipment and research so we can understand more about, and to find a cure for cardiovascular diseases, which are the number one killer of people worldwide.

While uncertainty remains about the terms of the future relationship between the UK and the EU, it is important that strategic reports clearly provide the information necessary to enable users to form views on future prospects. In short, the effect of foreseeable outcomes on the business model and strategy should not come as a surprise to users. At the same time, users will expect clarity on governance and mitigating actions. Whilst there are no major strategic changes to report, the strategy discussion could connect with the Brexit - related disclosures that may affect future strategy.

#### Risk management

The major risks to which the charity is exposed relate in particular to the commitments made to outside parties who undertake the various fundraising campaigns for the charity. There can be considerable set-up costs involved in new fundraising campaigns, which means there is a delay before a particular campaign realises a surplus. Once the trustees have approved the new campaign, they subsequently receive regular reports of its progress and are kept apprised of any budget irregularities that the campaign may be facing. Restrictions on further commitments can be instituted quickly and, in addition, a request that the outside contractor comply with specific guidelines to keep the program contained can also be implemented efficiently. The trustees also require that safeguards be incorporated into legal agreements with the fundraising contractors to limit the risk exposure of the charity.

## Trustees' Annual Report *(continued)*

Year ended 31 December 2019

---

### Statement of trustees' responsibilities in respect of the trustees' annual report and the financial statements

The trustees are responsible for preparing the trustees' Annual Report and the financial statements in accordance with applicable law and regulations.

Company and charity law requires the trustees to prepare financial statements for each financial year. Under that law they have are required to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice), including FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland.

Under company law the trustees must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the charitable company and of the excess of income over expenditure for that period. In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- assess the charitable company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and
- use the going concern basis of accounting unless they either intend to liquidate the charitable company or to cease operations, or have no realistic alternative but to do so.

The trustees are responsible for keeping adequate and proper accounting records that are sufficient to show and explain the charitable company's transactions and disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006, the Charities and Trustee Investment (Scotland) Act 2005, and regulation 8 of the Charities Accounts (Scotland) Regulations 2006 (as amended). They are responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the charitable company and to prevent and detect fraud and other irregularities.

### Auditor

KPMG LLP have been appointed under section 44(1)(c) of the Charities and Trustee Investment (Scotland) Act 2005 and section 487(1) of the Companies Act 2006.

Each of the persons who is a trustee at the date of approval of this report confirms that:

- each trustee has taken all steps that they ought to have taken as a trustee to make themselves aware of any relevant audit information and to establish that the charity's auditor is aware of that information; and
- so far as each trustee is aware, there is no relevant audit information of which the charity's auditor is unaware;

Signed on behalf of the trustees

**Antony Pollitt**  
Chairman  
Director/Trustee

16.4.2020

## **Independent auditor's report to the trustees and members of The Heart Research Institute (UK) Limited**

### **Opinion**

We have audited the financial statements of The Heart Research Institute (UK) Limited (“the charitable company”) for the year ended 31 December 2019 which comprise the Statement of financial activities, Balance Sheet, Statement of cash flows and related notes, including the accounting policies in note 1.

In our opinion the financial statements:

- give a true and fair view of the state of the charitable company’s affairs as at 31 December 2019 and of its incoming resources and application of resources, including its income and expenditure, for the year then ended;
- have been properly prepared in accordance with UK accounting standards, including FRS 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland*; and
- have been prepared in accordance with the requirements of the Companies Act 2006, the Charities and Trustee Investment (Scotland) Act 2005, and regulation 8 of the Charities Accounts (Scotland) Regulations 2006 (as amended).

### **Basis for opinion**

We have been appointed as auditor under section 44 (1)(c) of the Charities and Trustee Investment (Scotland) Act 2005 and under the Companies Act 2006 and report in accordance with regulations made under those Acts.

We conducted our audit in accordance with International Standards on Auditing (UK) (“ISAs (UK)”) and applicable law. Our responsibilities are described below. We have fulfilled our ethical responsibilities under, and are independent of the charitable company in accordance with, UK ethical requirements including the FRC Ethical Standard. We believe that the audit evidence we have obtained is a sufficient and appropriate basis for our opinion.

### **Going concern**

The trustees/directors have prepared the financial statements on the going concern basis as they do not intend to liquidate the charitable company or to cease its operations, and as they have concluded that the charitable company’s financial position means that this is realistic. They have also concluded that there are no material uncertainties that could have cast significant doubt over its ability to continue as a going concern for at least a year from the date of approval of the financial statements (“the going concern period”).

We are required to report to you if we have concluded that the use of the going concern basis of accounting is inappropriate or there is an undisclosed material uncertainty that may cast significant doubt over the use of that basis for a period of at least a year from the date of approval of the financial statements. In our evaluation of the directors’ conclusions, we considered the inherent risks to the charitable company’s business model, and analysed how those risks might affect the charitable company’s financial resources or ability to continue operations over the going concern period. We have nothing to report in these respects.

However, as we cannot predict all future events or conditions and as subsequent events may result in outcomes that are inconsistent with judgements that were reasonable at the time they were made, the absence of reference to a material uncertainty in this auditor's report is not a guarantee that the charitable company will continue in operation.

### **Other information**

The directors are responsible for the other information, which comprises Trustees' Annual Report. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except as explicitly stated below, any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether, based on our financial statements audit work, the information therein is materially misstated or inconsistent with the financial statements or our audit knowledge. Based solely on that work:

- we have not identified material misstatements in the other information;
- in our opinion the information given in the Trustees' Annual Report, which constitutes the directors' report for the financial year, is consistent with the financial statements; and
- in our opinion that report has been prepared in accordance with the Companies Act 2006.

### **Matters on which we are required to report by exception**

Under the Companies Act 2006 and the Charities Accounts (Scotland) Regulations 2006 (as amended) we are required to report to you if, in our opinion:

- the charitable company has not kept adequate and proper accounting records or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of trustees' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit

We have nothing to report in these respects.

### **Directors' responsibilities**

As explained more fully in their statement set out on page 6, the trustees (who are also the directors of the charitable company for the purposes of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view; such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error; assessing the charitable company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and using the going concern basis of accounting unless they either intend to liquidate the charitable company or to cease operations, or have no realistic alternative but to do so.

### **Auditor's responsibilities**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue our opinion in an auditor's report. Reasonable assurance is a high level of assurance, but does not guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

A fuller description of our responsibilities is provided on the FRC's website at [www.frc.org.uk/auditorsresponsibilities](http://www.frc.org.uk/auditorsresponsibilities).

### **The purpose of our audit work and to whom we owe our responsibilities**

This report is made solely to the charitable company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006, and to the charity's trustees, as a body, in accordance with section 44 (1)(c) of the Charities and Trustee Investment (Scotland) Act 2005 and regulation 10 of the Charities Accounts (Scotland) Regulations 2006. Our audit work has been undertaken so that we might state to the charitable company's members and the charity's trustees those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we

do not accept or assume responsibility to anyone other than the charity, its members as a body and its trustees as a body, for our audit work, for this report or for the opinions we have formed.

## Notes to the financial statements

Year ended 31 December 2019

---

### 1 Accounting policies

#### Basis of accounting

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015) - (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Companies Act 2006.

#### Assets and liabilities

The Heart Research Institute (UK) meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy note(s).

#### Going concern

The charity has generated sufficient financial resources from its activities to allow the Trustees to believe that the charity is well placed to manage its business risks successfully in the current economic climate. Accordingly, the Trustees have a reasonable expectation that the charity has adequate resources to continue in existence for the foreseeable future, thus they continue to adopt the going concern basis of accounting in preparing the financial statements.

There is likely to be an impact on the Company's operations as a result of COVID-19. In the light of what is happening, it is likely that the level of income will be negatively affected and possible that this could be severely impacted for the foreseeable future. Management has completed some scenario planning, covering the next 12 months, and estimated a reasonably possible worst case that if HRI (UK) Ltd received no income for the next 6 months with a gradual recovery, the company would still have enough cash to pay its fixed cost base. The company will therefore be able to continue operating for the foreseeable future.

Other than the above development, no other item, transaction or event of a material and unusual nature is likely, in the opinion of the Directors of the Company, to affect significantly the operations of the Company, the results of those operations, or the state of affairs of the Company, in future years.

#### Funds structure

Funds held by the charity are unrestricted, these are funds which are available for use at the discretion of the trustees in accordance with the charitable objects.

#### Incoming resources

All incoming resources are included in the statement of financial activities when it is probable that the charity will become entitled to the income and the amount can be quantified with reasonable accuracy. The following specific policies are applied to particular categories of income:

#### Voluntary income

Donations generated through the pledge program activity are included within incoming resources when probable.

#### Other income

Other income, including interest income, are included within incoming resources when probable.

#### Activities for generating funds

Income from the lottery activities is included within incoming resources when probable.

#### Interest receivable

Interest is included in the statement of financial activities when probable by the charity.

#### Cash at bank

Cash and cash equivalents include cash on hand and deposits held at call with banks with original maturities of three months or less.

# The Heart Research Institute (UK)

## Notes to the financial statements

Year ended 31 December 2019

---

### **Debtors**

Debtor is included in the statement of financial activities when probable by the charity.

### **Resources expended**

Resources expended are recognised in the statement of financial activities when a liability is incurred. All expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all costs related to the activity.

Costs of generating voluntary income include the expenditure associated with the activities undertaken by the charity to generate such income, such as the pledge programme.

Fundraising expenditure includes expenditure associated with the setting up and running the lottery activities undertaken by the charity and consists of the direct costs relating to these activities.

Charitable activities comprise expenditure incurred in working towards the objectives of the charity. An allocation of 20% of both the pledge program recruitment costs and the calling costs of the lottery activity are considered by the charity to be an appropriate percentage which represent increasing the awareness of the charity and its activities.

Grants payable are included the statement of financial activities when approved by the trustees.

Governance costs include expenditure incurred in the governance of the charity and its assets. These are primarily associated with constitutional and statutory requirements.

### **Taxation**

The company is a charity within the meaning of the taxes acts and it is therefore eligible to claim certain exemptions to corporation tax and capital gains tax. As a consequence no taxation arises for the year.

**The Heart Research Institute (UK)**  
**Notes to the financial statements (continued)**  
**Year ended 31 December 2019**

**2 Incoming resources**

Incoming resources, derived from the activities of the charitable company, attributable to geographical areas outside of the United Kingdom amounted to 0% (2018: 1%) for the year.

**3 Voluntary income**

	<b>Unrestricted Funds</b>	<b>Total Funds 2019</b>	<b>Total Funds 2018</b>
	<b>£</b>	<b>£</b>	<b>£</b>
General donations	1,240	1,240	1,679
Pledge program donations	634,020	634,020	758,017
	<u>635,260</u>	<u>635,260</u>	<u>759,696</u>

**4 Activities for generating funds**

	<b>Unrestricted Funds</b>	<b>Total Funds 2019</b>	<b>Total Funds 2018</b>
	<b>£</b>	<b>£</b>	<b>£</b>
Lottery activities	555,051	555,051	523,406

**5 Other income**

	<b>Unrestricted Funds</b>	<b>Total Funds 2019</b>	<b>Total Funds 2018</b>
	<b>£</b>	<b>£</b>	<b>£</b>
Interest income	10,708	10,708	-
	<u>10,708</u>	<u>10,708</u>	<u>-</u>

**6 Costs of generating voluntary income**

	<b>Unrestricted Funds</b>	<b>Total Funds 2019</b>	<b>Total Funds 2018</b>
	<b>£</b>	<b>£</b>	<b>£</b>
Pledge program	10,291	10,291	27,814
General donations	14,296	14,296	10,882
	<u>24,587</u>	<u>24,587</u>	<u>38,695</u>

**7 Fundraising expenditure**

	<b>Unrestricted Funds</b>	<b>Total Funds 2019</b>	<b>Total Funds 2018</b>
	<b>£</b>	<b>£</b>	<b>£</b>
Lottery activities	286,649	286,649	302,559
	<u>286,649</u>	<u>286,649</u>	<u>302,559</u>

Included within lottery activity costs is an amount of £229,977 (2018 - £360,827) in relation to lottery calling costs. In accordance with the stated accounting policy 20% of these costs are allocated to awareness costs, this amounts to £45,995 (2018 - £72,165).
